

# Sustainable Savings.

Now  
Made With  
**TextraSOFT™**  
Fiberglass Insulation  
100% Formaldehyde  
& Acrylic Free

Architects, Engineers and Builders are specifying Anco's new formaldehyde-free TextraSOFT™ insulation in our GREENGUARD Children & Schools™ Insulated Flexible Air Ducts for outstanding low emission performance that improves indoor air quality. Anco's Insulated Flexible Air Ducts offer incredible value and performance while offering an eco-friendly savings.

#### Anco Flex System Advantages:

- TextraSOFT™ Low Itch Insulation
- Excellent Indoor Air Quality
- Superior Acoustical Value
- Easy Installation
- High Efficiency
- Energy Savings

Anco Flex Systems use patent pending TextraSOFT™ 90% Recycled Fiberglass Insulation, made with silica sand – a virtually inexhaustible, renewable natural resource.

OUR ENERGY  
SAVES YOU  
ENERGY.

*Our innovation keeps millions of pounds of fiberglass waste out of landfills every year.*
